### Review on the DRC

March was a good month for us here at the Happy Heart Ministries. Benjie went to the DRC and came back with some sad, but also very encouraging stories!

In a town called Mbuji Mayi, in central DRC, Benjie was shocked to see how the people were suffering... the lack of basic food and medicine make life really tough there. Nothing is strange about hearing hungry children cry through the night.

The solution is, as always, with God and the people know that! It's as if their hunger for God have become bigger than their hunger for food! Churches are overflowing and daily prayer services are at the order of the day. This immediately brings to mind the scripture in **Amos 8:11** "Behold, the days are coming," declares the Lord GOD, "when I will send a famine on the land-- not a famine of bread, nor a thirst for water, but of hearing the words of the LORD." "

It is almost impossible not to notice the peace and confidence and contentment of these people in these extremely tough times! They know that the war is in the Spiritual Realm! It may be manifesting in the physical but ultimately the war will be won in the Spiritual!

## Review on the DRC (continue...)

**2 Kings 6** describes where the king of Syria wanted to seize Elisha, "...so he sent there horses and chariots and a great army, and they came by night and surrounded the city." (verse 14). When Elisha's servant woke up early morning he saw that the City was surrounded and cried out "Alas my Master what shall we do?". But the prophet Elisha said in verse 16 "...Do not be afraid, for those who are with us are more than those who are with them" and in verse 17 "...Elisha prayed and said, "O LORD, please open his eyes that he may see." So the LORD opened the eyes of the young man, and he saw, and behold, the mountain was full of horses and chariots of fire all around Elisha."

The world, but especially the DRC, may look like it's in total disorder, but let us assure you God is in control! Those that are for us are more than those that are against us!

## Farming God's Way

Our recent FARMING GODS WAY training in Mbuji Mayi was a huge success! The harvest was great and to such a degree that one family has decided not to just plant half a hectare of corn, but **5 hectares!**

We praise God for Wilhelm Els that went with me to do the training! May God bless him and his family!

## Happening next...

Benjie has a three week trip coming up in April to the DRC where he will be needing interceding prayer. Again a very remote part that the harvest is ready. There is great expectation!! Please pray
